Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Sunday 07 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Dry conditions to continue but turning unsettled midweek.

This Evening and Tonight:
Remaining dry throughout the evening and night. Clouds gradually disperse during the small hours allowing for a frost to form under starry skies. Calm winds. Minimum temperature -4 deg C (25 deg F).

Monday:
Cold start but feeling quite pleasant in any sunshine peaking between the clouds, which come and go all day. Remaining dry. Chance of another, but more localised, frost overnight. Maximum temperature 9 deg C (48 deg F).

Outlook for Tuesday to Thursday:
Bright with patchy rain on Tuesday. Winds strengthening overnight into possible gales or severe gales for Wednesday with persistent rain, occasionally heavy. Strong winds remain with blustery heavy showers Thursday.
